

LE MONDE À L'ENVERS

HOURRA!

The background features a vibrant, abstract design. The upper half is filled with concentric, wavy circles in shades of magenta and purple, creating a sense of depth and movement. The lower half transitions into a solid blue area, which is separated from the upper section by a jagged, horizon-like line. This line is composed of several sharp, angular shapes that resemble a stylized landscape or a broken surface. The overall effect is dynamic and energetic.
